UNT Art in Public Places
WILLIS LIBRARY – PUBLIC ART

Opening date: March 8, 2012
Closing date: April 15, 2012
Installation date: May 2012

The University of North Texas Art in Public Places Committee seeks to purchase existing large, colorful, two-dimensional art works for ground floor common areas in Willis Library on the Denton campus.

LOCATION, ACCESS and AUDIENCE:
The possible installation areas on ground floor include walls near circulations desks, computer stations, study corridors, and meeting areas. Locations are public and visible to all visitors.

Because the ground floor serves as the main entrance to the whole of the library, students, staff, and faculty, as well as community members attending outreach programming in the library will see the works displayed throughout the space.

The walls in the spaces allotted for installation are made of sheetrock and brick capable of sustaining the weight of large paintings, textiles, and/or framed photographs and drawings. Lighting comes from fluorescent bulbs in overhead fixtures.

The building is centrally located on the campus of the University of North Texas. Please see map at: http://maps.unt.edu/?code=LIBR
The ground floor is secure and manned by library staff during all open hours.

BUDGET:
$10,000 (all inclusive)
This amount is inclusive of all costs associated with the purchase including, but not limited to, artist fee, other consultant fees, transportation, and installation. All artworks must be installation-ready.
The chosen artwork will be accessioned into the UNT Art in Public Places Collection, which will retain all rights to exhibition. Artist may retain rights to reproduction.
